Scooter & Christina

Edward (Scooter) Wycheck, took Dad to lunch to ask for our blessings on their marriage. Dad says, what about the dowry? A 4WD truck & a boat, would do just fine. Scooter offered a cart and a goat. Negotiations are continuing ...

JD filming Dad driving the SDV Wet Sub with Sonar and Navigation System

Rick has been busy this year with his Submersible Systems Development side of the business. He designed and built a navigation extension module for a Military Swimmer Delivery Vehicle. The SDV has GPS, Forward Scan Sonar, Side Scan Sonar, Doppler Velocity Log and Fluxgate compass, 2 Video Monitors, controllers and underwater computer. Yumi still manages to keep her never ending list of "Honey Do" items close to the top of Rick's 12 foot long To Do List. Bless his heart, he has been working so hard to keep Yumi and his clients happy. JD filmed the SDV test dive in Hi-Definition.

Exciting Year of Family for Yumi...

the price of one! Thank you for your support and business in 2006 and we look forward to service you in 2007. Yumi's parents, Yasuo and Hiroko, visited in October but Mom got sick while here. Yumi, Rick and sister, Irene, shared this very special time to care give and spend some quality time with Mom. She's much better and is now back home in Monterey. She'll be back for the wedding and to see the new baby soon!

Yumi experiences childbirth from the painless perspective. My niece, Allison, just gave birth to Jayzen Kenji Ebata on December 13th at 5:15 AM in the morning! It was a very special time for me and brought back memories of 27 years ago when our very own Christina was born! Also this year, Yumi went home to Monterey and attended Rebecca Jensen's graduation and had fun with the family!
